Meeting minutes from previous meeting were reviewed and accepted.

Co-op opportunities available.

McGrory Inc. in Kennett to hire at least 3

Camp Saginaw to hire at least 2

RCA Residential Carpentry book reviewed and accepted. Used throughout CCIU and works well with current task grid. Also used in development of collaborative learning guides.

Mitch Lauver from Parksite (Dupont) presented to both classes on air infiltration and vapor barriers. His supervisor stopped by as well.

Enrolment numbers expected to drop. Rumors of a non-trad student have been heard. Numbers for next year are unknown at this time.

All equipment is in good working order. Recommendations for new knives on the planer have been made.

OSHA 10 hour certification would be a nice addition to the program. Possibly AAMA Window Installation Cert and Lead Removal Cert. would also be beneficial.

Meeting adjourned – Next meeting in October 2012.
